## Technical information about this website's accessibility

---

DOAB Foundation is committed to making its website accessible, in accordance with the Public Sector Bodies (Websites and Mobile Applications) (No. 2) Accessibility Regulations 2018.

This website is partially compliant with the [Web Content Accessibility Guidelines version 2.1](#) AA standard, due to the non-compliances listed below.

## Non accessible content

---

The content listed below is non-accessible for the following reasons.

### Non compliance with the accessibility regulations

The OAPEN Library contains many links to Open Access books and chapters, provided by hundreds of publishers. These documents may not always meet the accessibility regulations. This does not meet WCAG 2.1 success criterion 4.1.2 (name, role value).

## Disproportionate burden

---

We've assessed the cost of fixing the access to publication issues. We believe that doing so now would be a [disproportionate burden](#) within the meaning of the accessibility regulations.

## Content that's not within the scope of the accessibility regulations

---

The accessibility regulations [do not require us to fix PDFs or other documents published before 23 September 2018](#) if they're not essential to providing our services.
